

COWETA PUBLIC SCHOOLS

Independent District No. 17

Dear Parents,

Coweta Public Schools will be sponsoring enrollment for 2021-2022 Pre-Kindergarten and Kindergarten students. Students currently attending Coweta Public Schools do not need to participate in this enrollment. The event is being held at the school site, where your child will attend on Monday, May 3, through Friday, May 21. This event is only for dropping off and picking up the enrollment paperwork.

Pre-Kindergarten screening will be conducted on September 7th, 8th, 9th, and 10th at the school the child attends during the school day. Parents will not need to attend the screenings. The screening is free to the parent and will involve evaluating each child's development in fine and gross motor skills, cognitive, speech, vision, and hearing for Kindergarten students. Students entering Pre-Kindergarten will receive a vision and hearing screening. The process will be completed in approximately 30-45 minutes.

In order to complete the child's enrollment, we must have the following: Child's official birth certificate, immunization records, and proof of residence (must be a current utility bill or lease agreement). In addition, your child's Medicaid card, if applicable, and his/her tribal enrollment card if your child is of Indian descent. These documents will be copied and returned to you. For prospective students who live outside of Coweta School District, a formal request for transfer into our school district will need to be filed. If you are planning to request an intra-district transfer, the necessary paperwork must be completed before dropping off your paperwork. Any transfer request may be processed at the Educational Services Center.

Children must be 4 years old on or before September 1, 2021, to be eligible for Pre-K. Children must be 5 years old on or before September 1, 2021, to be eligible for Kindergarten.

For enrollment questions, call:
Special Services (918) 486-6103 ext. 8009

COWETA PUBLIC SCHOOLS

Pre K and Kindergarten Enrollment

Southside Elementary
15297 S Highway 72
